

## Park House

- Project name: Park House
- Location: London, UK
- Project value: over £500.000
- Duration: over one year (2011-2012)
- Client: Seele GmbH
- Main contractor: Mace
- Architect: Robin Partington Architects

### **Description:**

Park House is a very distinct addition to the famous Oxford Street one of the busiest streets in Europe. The building consists of 165,000 sq. ft. of office space, 39 unique luxury apartments with roof terraces, and 93,000 sq. ft. of double-height retail space. The main highlight of the building consists of its sinusoidal shape with double-curved geometry facades and roof. The exterior glass wall panels are complimented by the roof shape in a very distinct and impressive manner.

**Skyklass** was responsible with the installation of the following:

- Glass and metal roof panels,
- GRC vertical panels
- Roof structural steel under-construction
